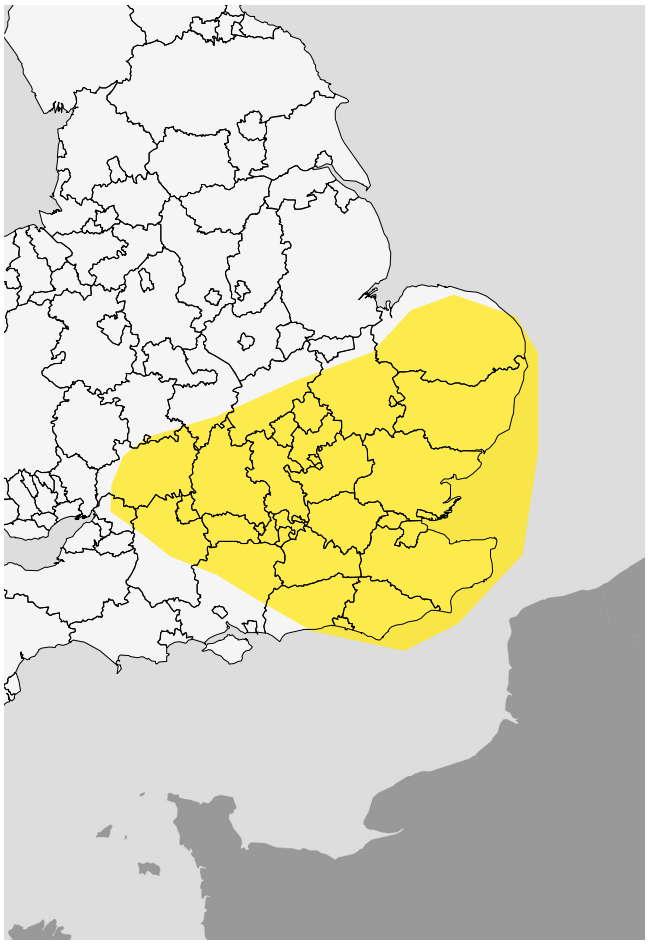
Yellow warning
Thunderstorm

Between
11:00 Sat 5 Aug 2023 and
22:00 Sat 5 Aug 2023



Heavy showers and thunderstorms may lead to some flooding and travel disruption.

What to expect

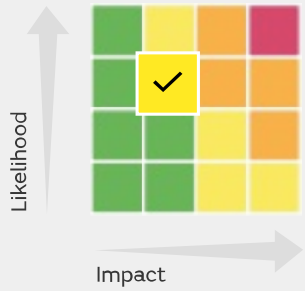
- There is a good chance driving conditions will be affected by spray, standing water and/or hail, leading to longer journey times by car and bus
- Some flooding of a few homes and businesses is possible, leading to some damage to buildings or structures
- Delays to train services are possible.

Further details

Heavy showers and thunderstorms are expected to develop this afternoon, some being slow moving, particularly across southeastern parts of England later.

Whilst some places will miss the worst of these, there is the potential for 15-25 mm of rain to fall locally within the space of an hour and perhaps 30-40 mm to accumulate in 2-3 hours. Lightning and hail may be additional hazards.

Conditions will improve from the west through the evening, although only a slow improvement is expected across eastern England.



✓ Medium likelihood of low impacts
